Whispers from The Brighter World
A Fourth Revelation

Saturday, December 25, 1999 - 10:00 a.m.

My dear daughter, see only the result of this difficult life: a luminous road on which you are advancing while taking other souls in your wake, those who feel in harmony with yours and appreciate who you are.

"We bless those beings that can surround you and give you joy by their heartfelt gestures.

"When you leave this Earth some will perhaps remember you and realise what your life was like by reading these messages.

"Each one faces one's own destiny. They must come to terms with it even if they are very well surrounded and understood. What to say about those who are not? That partakes of what they must carry on their way to the ultimate goal.

"There is love around you; you are not alone and ignored by your fellow men. Each one expresses their feelings towards you by giving you what they can.

"Happy are those who can appreciate you, in spite of the failings you believe you have."
