A Fourth Revelation

You should enjoy well these moments spent together. Thin bonds are being forged between you, consolidating what already exists. You are old acquaintances, hence the appeal of your relationship.

"Be happy, my child, to be surrounded like that. Help them all as much as you can. These bonds are indestructible and are consolidated by the same spiritual process, by strong identical vibrations and by the same aspirations.

"There are encounters whose importance is only seen with time. Make sure you appreciate well these meditations you are participating in together, your hearts vibrating in unison.

"All these feelings are subtle and feed you very deeply. Try to keep this condition like a very precious treasure. Gorge yourself with divine energy, let it become your basic food; vibrate, love and thank tirelessly. We are with you and we bless you very specially on this day."
