Whispers from The Brighter World

A Fourth Revelation

Monday, December 27, 1999 - 8:00 a.m.

You are permanently deceived by your senses. You are the victims of your illusions. Do not be shocked by these remarks; it is reality. No, the sun is not as you imagine it to be, neither is the Earth, which was never flat. The truth is veiled, hidden from the beings living on this planet. In the future, as men grow in wisdom, they will advance towards knowledge.

"All this should not prevent you from living this current life as it is. Your views are erroneous on many issues, but you live in this context and that should not prevent you from forging ahead and being fulfilled spiritually.

"In all eras, there were sages who were not worried about the great mysteries of the universe.

"Some took refuge on high mountains to devote themselves to the divine Creator, another lived in a barrel, others were locked up in monasteries. They did not care much about knowing the why and how of things.

"The Earth is taking its evolutionary course and men have been adapting themselves from time immemorial; so will it be until the end of the world.

"Strive towards your goal, in peace and in surrender; there lies salvation."
