Whispers from The Brighter World
A Fourth Revelation

Wednesday, December 29, 1999 - 8:00 a.m.

Do you believe you are the only one having self-doubts? We went through the same periods of questioning what we were experiencing inwardly.

"Your life, in a sense, is not ordinary. It is normal that you wonder about all the special experiences you are having.

"Rest assured: if you consider your process an enigma, for us, you are a case apart. You are advancing in a kind of dual life; you keep a cool head and are not really surprised by all that happens to you.

"If you suffer from staying indoors, you are compensated with the privilege of reaching shores to which not many humans have access. You never cease to intrigue us and we love you for that.

"Endure your condition courageously; do not dwell on the lack of understanding by others. How many times have we said this to you? We, we are not deceived by appearances.

"Make the most of these few special days during which you are going through humanly and spiritually powerful moments with beings you love.

"We bless you all."
