Whispers from The Brighter World
A Fourth Revelation

Saturday, January 1, 2000 - 10:00 a.m.

Look back at your life and see who you are now, given the way you have come in our company. Would you like to go back? We do not think so.

"You have faith in us and this fact alone propels you ahead. We take into account your deepest aspirations; we do not violate hearts. We are touched by your efforts and we support them.

"You have a great chance: that is having a living Master. His role is important; he acts in your world, in matter, and his action makes ours materialise. You should know how to appreciate his divine person, his mission on Earth, where he has come back to help you.

"He is active; he is great and fulfils our expectations. His work is heavy, and he is not always understood. He must sometimes use harsh measures and make painful decisions, but that is part of his work.

"Love him in an unconditional way, even if you do not always understand his reactions and his acts. What he does is for your good, and his spiritual being is connected to ours that are divinely guided."
