Whispers from The Brighter World
A Fourth Revelation

All this advice and these recommendations should not annoy you. They come from a father who cares for his children. Before leaving them, he would like to tell them everything, to warn them, to protect them. We cannot spare you the pitfalls of life; we can only sensitise you to their treachery.

"Advance while looking to the beacon; even in the black night, he is there to guide you. It is Master's role to act like that. Do not lose sight of him. Even in the most difficult moments, he is close to you; never forget it. It is a comfort that is good to have to avoid the pitfalls amidst a raging storm.

"You may find our comments quite gloomy. Actually, they are optimistic since, whatever happens, with Him you will reach the harbour."
