Whispers from The Brighter World
A Fourth Revelation

Monday, January 10, 2000 - 8:00 a.m.

Rise above this world; come towards us in these luminous spheres where you will rejoin us one day when your Earthly process is completed.

"See how, here, it is all simple and harmonious. All beings are brothers and they do not stab each other in the back; they help each other. They go towards the least favoured, on other planets, to bring them comfort.

"Leaving the Earth does not mean remaining inactive on a small cloud surrounded by angels, if you are quite wise. Action means something different, but an entity can become effective on planes where his evolution enables him to act.

"Each one has the possibility, here below or elsewhere, to help according to their capabilities. True faith cannot be exercised without the need of making oneself useful.

" For the Creator, you are only as One: His creation. Each one of its elements is essential to the other and perfection will be obtained only by dint of this.

"Try to imagine what remains to be done to arrive at that. God, in His great magnanimity, will well end up having mercy for men and will ensure to make them better."
