Whispers from The Brighter World
A Fourth Revelation

Wednesday, January 12, 2000 - 10:00 a.m.

Free your mind from all these thoughts assailing it; otherwise we will not be able to communicate. You must devote yourself exclusively to our contacts and not respond any more to the many entreaties of your circle. You have already done a lot and your assistance was precious, but your health condition does not allow any more this dissipation of your energies.

"Did we not already tell you that you had taken holy orders, not in the religious sense of the term, but quite simply in terms of serving, in the universal spirit of yours?

"Your gifts have always been well utilised; you do not have to blame yourself for this. After a few years of 'approach' summarised in the first series, the situation has developed towards what it is now.

"You are poorly known, even by the beings who surround you and who believe they know you. Such is our wish; you are doing what you came here for; that is the main thing. Perhaps you will keep on being surprised; you still have a lot to do, although you think otherwise.

"It remains for you to leave it to God, as you usually do so well."
