You are in a beautiful spiritual line; we all work for the good, i.e., the liberation of humanity bogged down in evil. You are making good progress; continue to serve with love as usual. The 'Venerable' is a brother; he is working like us all for the salvation of this world. He turned his attention to your case, at the instigation of a great figure, him whom you call the Beloved Babuji.

"We all form a great family, a united one. Be blessed and strengthened, my daughter. Meditate and pray for suffering humanity."
