Whispers from The Brighter World
A Fourth Revelation

Thursday, March 2, 2000 - 10:00 a.m.

Do you understand now why patience is a major virtue? Everything takes time; it is the key element of this life on Earth.

"Time, in a way, does not exist for us, there lies the paradox, but it is necessary to call things by their rightful name, as defined with your reference points.

"If you browse through these 'confidences' from the beginning, you can see therein a whole process, a kind of preparation aimed at leading you to thinking in a certain way and acting differently, as per our wish.

"It is about your history – that which will follow you henceforth wherever you will go."
