Cannes

(With Jacqueline C. of Paris.)

My daughters, I am here and I bless you. Jacqueline should not forget that 'joy attracts grace'. She should feel more relaxed and receptive. She has still to progress a little for her life to change. You both have a hard way to go; but it will be a successful one. Do your spiritual work well; this is most important. You know that I am with you and so I will always be. Love me enough to not see the ugly sides of life. Love your brothers and sisters for what they are: carriers of the Divine. I love you, my daughters. Be in surrender and peace. Meditate now."

Babuji

(Jacqueline knew Babuji and remained with him in India. She is not a medium, according to herself, but she communicates with him, from where [came] the message which she gave to me in Augerans in August 1994.)

Sunday, July 30, 1995 – 6:00 p.m.

(In meditation with Francoise.

Master is in Nice, meditation at 5:30 p.m.

Vision of the three Masters: Chari between Lalaji and Babuji—they uplift Chariji to their level.)

You can love him now; he and I are henceforth as one. By seeing me in him, you will see things differently. I am very happy with Francoise; her spiritual behaviour is exemplary. Be blessed, my daughters; I will be among you very soon."
