(After cleaning.)

Try to come at Christmas. We will make sure that it takes place in good conditions for you. You know this would make me happy. You are courageous, my child. We keep a close eye on all your fights with compassion. We are doing everything possible to help you. Your way is difficult but fruitful. Take advantage of my son's trip. You should make the most of all opportunities. Time is short! Be at peace, my child, do your best. We are with you; you have my blessing."

(For Francoise.)
