Tell your friend that we will help her. Difficult days are in the offing; humanity will go through a great mutation in the next decade. One should better know how to pray to God, and to do it on a regular basis. A new era is in the making. It's high time for men to turn to wisdom. Continue, my child, to go to the main thing. Free yourself of useless things."

(After meditation.)

We are doing an important work on you. We are preparing you for great things. Be confident; be united more and more with the inner master. You are moving towards unity. We bless you both. Jacqueline should not be worried about future times; 'sufficient unto the day is the evil thereof'. God is great; He helps pure hearts. Let her be surrendered to the Divine. Remain imbued with all this."
