(Regional seminar, 10:00 a.m.)

The Medium: "O Babuji, Babuji!"

Yes, my child, we know. What you are experiencing is very hard. Calm yourself and meditate."

(10:15 a.m.)

"My message will be pacifying today. One should not despair of men, even if that seems insurmountable. Better times will come when harmony and peace will prevail on the Earth. It will be a great step for humanity! Pray very strongly for that. During this seminar, very good work is being carried out in the ashram.

"People are more serene; we are advancing. Such initiatives are to be encouraged. Organize endless gatherings, which benefit all by increasing energies greatly. It seems that a collective awakening is taking place in the Mission; this is important.

"May you not lose sight of the ultimate objective and see to it that the divine spark grows in your hearts. We are helping you accordingly. Only spirituality will transform mankind, even though these mutations, as I told you, will entail great upheavals.

"God is great; He knows what He is doing for the good of all, even if this is not to the liking of men. They can change only from inside and through true individual awareness. Think well of all this.

"Each one of you is a piece on an immense chessboard. Do your best! We all bless you. May your heart be in peace and joy."

The Medium: "I love you so much, Babuji..."

"Do you think we don't love you?"
