When will you manage to uproot doubt from yourself? You make our work more difficult when you react like this. Yes, we are satisfied with you, but you should broaden your understanding. We should be able to address more in-depth issues.

"There will be some people to understand our comments... It is you, your unconscious that is a hindrance; you do not realize this. Make some more efforts and the way will be clearer. It is only your fear of other people's reaction that freezes you up. Be trustful, the channel is good."
