Whispers from The Brighter World
A Fourth Revelation

Monday, March 13, 2000 - 8:00 a.m.

Apologising to humanity for the crimes committed is a good thing, but an in-depth reform is necessary. The frame of mind is always the same one; the last declarations of this high-ranking person are evidence of it.

"It is a force still very powerful in certain areas of the world. In order to rule, they create a kind of psychological terror, with a whole spectrum of sins, prohibitions and ensuing purgatory or hell to settle it all. Fortunately, people's minds are opening up and many Christians understand the weaknesses of this system.

"Turn the page definitively on all this past which has left very deep marks on you, and look towards the luminous future which awaits you."
