Mahasamadhi of Lalaji

(Meditation with Anne-Marie and Francoise.)

The Medium: "Lalaji, it is the first time I see you smiling."

This anniversary is a day of joy. Contrary to what you think, I was not the joyless individual you thought I was. Babuji also loved to laugh; he used to tease people around him and had a sense of humour. Don't think that spiritual elevation is synonymous with sadness; we are joyful, don't forget it."
