Whispers from The Brighter World
A Third Revelation

*Friday, May 25, 2001 - 8:00 a.m.*

*You can see how our collaboration is fruitful. This gush of words going through your heart touches the heart of your brothers and sisters.*

*"The soul also needs food, a special food adapted to its needs, proportioned correctly, suave to perfection and which makes it vibrate and exult.*

*"It has its own life, its richness, its torments. It grows; it softens and is shaped gradually. It is right from its birth, and knows where it wants to go.*

*"Conducive circumstances must arise so that it can reach its blossoming state.*

*"Everything happens at the right moment; this rendezvous is inevitable.*

*"When a soul demands, the angels are delighted, and they approve and bless it. Then, all is for the best. Nothing will stop this ascent, when the good way is found. It may happen that the twists and turns slow down this progression, but that does not matter. The movement is kicked off, the desire to advance is there; nothing will be able to stop it. Such is the law of evolution: it has its own rules, its constraints and its songs.*

*"Infallibly it is applied when the moment has come. All is planned for; the movements follow on from each other and the serene soul can continue on its way."*
