Whispers from The Brighter World
A Fourth Revelation

Wednesday, March 22, 2000 - 8:00 a.m.

Do not lose hope. Nature has unsuspected resources. In the past, some of your health issues were resolved at a time when you had lost every hope.

"Your life has been a long fight in that aspect, which has developed patience in you as well as endurance and courage. Your great luck is that you have faith; it is a priceless grace which has given meaning to this painful path."
