Whispers from The Brighter World
A Third Revelation

Wednesday, July 25, 2001 - 8:00 a.m.

My daughter, you should distance yourself, try to unite with us and forget for a moment this new problem which distresses you. We are not insensitive to what you have to endure, believe us. Be delighted at the thought that your Master has been happy throughout this birthday. Many of our aspirants were able to show him all the love which drives them on. He felt our love in him in a very personal and strong way. In spite of his great weariness, he continues to serve us with great faith. He is a living example of absolute devotion to the divine cause. He is advancing, carried by the faith and love he nurses for his Masters. He is serving a great cause and is a brilliant illustration of a line of great spiritual Masters who influenced this world.

"The Mission is advancing at its own pace; it is opening up and sowing a wide furrow where a harvest that will bring wealth to future humanity will emerge.

"Continue, you also, with greatest faith; make of your path a luminous one, you possess the formula capable to make it sublime."
