Whispers from The Brighter World
A Third Revelation

Friday, July 27, 2001 - 8:00 a.m.

Do the surrounding noises and your body – which bother you – actually matter? Don't you hear this music in you? Let your heart sing, listen to it carefully, it is happy and detached from this world. It hears only us and it communes in the divine splendour. This jewel is highly invaluable, it was chiselled with the passing of time and it reached a level protecting it from storms. My dear child, we know that your life is not what you would like it to be. Your dynamism prompted you to action, outside and on the move. We do not come to this Earth to do exactly what we want, this would be exciting, but the contract which binds us to this incarnation would not be fulfilled. You just have to resign yourself to and make do with what things are. What you do each day and sometimes under difficult circumstances is valuable, believe me. You are not fully aware of the importance of this work. Alone, these messages will not change the world, but they will help our brothers tormented, as they are and will be more and more, by difficult living conditions.

"Rejoice to be in the heart of this action and to be able to receive what we wish to give to help them."
