Whispers from The Brighter World
A Fourth Revelation

Saturday, March 6, 1999 - 10:30 a.m.

Why are you still so reluctant to speak about certain messages and to make them known?

"You have this undue prudery in the Occident in expressing feelings and heart impulses related to spirituality, whereas so much ugliness is freely displayed about sex, violence and hatred in this terrible world.

"You should, on the contrary, not be afraid to show what touches you in the depths of yourself.

"Is there anything more beautiful than love for one's Master and its resulting impact on his disciple?

"Open the gates of your heart, of your soul; do not be timid.

"Let yourselves become imbued with this perfume, bathe in this divine love, unrestrainedly.

"When you read Kabir, does he not express the most beautiful feelings, as well as sublime states of soul that carry you away? Did he hide that?

"You see, my daughter, we understand your sense of propriety, but do not be afraid to open your heart and to show how to love. Love attracts love.

"We cannot remain insensitive to such impulses when they are sincere.

"It is a very sure means of touching our hearts; we will revert to this topic. In this period of preparation for an important celebration, cultivate particularly the beautiful impulses of your heart. There is no shame in that. Even if you cannot

really see what true love is, let it suffuse in you and manifest itself without excess, but without excessive timidity.

"Love, surrender, faith and tolerance are as a whole; it is your asset for eternity. Take care of it well; this is what we intended to make you understand today, by insisting time and again.

"See you tomorrow."
