Whispers from The Brighter World
A Fourth Revelation

Wednesday, November 3, 1999 - 10:00 a.m.

My dear child, we have said it to you enough; do not mind the reactions of your fellow men concerning our contacts. The abhyasis speak without knowing. Never mind their remarks. My son has not responded as yet, but he appreciates; that is what matters.

"Don't you have enough worries? Let people talk and let your heart be at peace. I had endured much more than that – believe me – regarding the messages I received.

"Not only did some of my brothers regard me as a simpleton, but also as living in a state of complete delirium.

"How could these great persons come to me? That was beyond them. Very great Masters in India or elsewhere were not mediums. They were communicating on other planes with higher entities, but did not have this gift. That is the way it goes and that did not hinder at all their immense capability on the spiritual level. All this is not easy to understand for the common run of people who do not have these perceptions.

"Follow your way, do not worry about the rest. You will never be able to prevent these kinds of stupid remarks from reaching you. Be blessed for all that you are doing."
