Whispers from The Brighter World

Friday, August 2, 2013 — 10:00 a.m.

Sooner or later, when a deep and sincere call occurs, man understands where his true path lies. He then becomes aware of a reality that connects him to that which is essential. He may go through various experiences before finding the way, the one that truly suits him and meets his expectations. Many true mystics go through this — God's ways are unfathomable.

"Our way offers a rigour-free teaching. It is up to each one to fulfil his needs under the guidance of his Master. An aspirant advances at his own pace. According to his commitment, he decides to follow the steps that suit him. All are on their way and are carried forward by grace, regardless of whether or not they are aware of their progress. It cannot be easily defined, but that which is important unfolds. When such an opportunity is granted in one's lifetime, one should grasp it. It is beautiful and reassuring to see the progress of all our brothers and sisters who are open to the fullness of the Spirit.

"This way is given to the present humanity, which is in a transient stage before a significant step forward. Let us all work accordingly. This is a positive fact in these current times, as this world is so very disturbed. Perfection will not come tomorrow, but here all of us are working towards it. Blessings on this entire Sahaj Marg Mission that is great and beautiful. Time will confirm our comments."
