Whispers from The Brighter World
A Fourth Revelation

Monday, March 27, 2000 - 5:00 p.m.

Do not seek any more to know who I am. Where would that get you? I am, that's all. It should suffice you to agree to be the instrument of the Divine and to think that you are living an extraordinary experience!

"A name and a form are human reference points. We gave you this image of mine to help you visualise me, but you should leave it at that. As far as we are concerned, that is devoid of interest, therefore let us not revert to that issue any more; and you should be yourself, quite simply. Thus will this question be settled; you should not waste your energy in futile assumptions.

"Content yourself with living this situation as best you can and we will be satisfied. Uniting with the Divine can be achieved while in this world. It is a question of personal process and a profound call of the heart. God gratifies souls thirsting for His presence."

The Venerable

The Medium: "Babuji, what do we become, the two of us?"

"You are in good hands."
