Whispers from The Brighter World
A Fourth Revelation

Wednesday, March 29, 2000 - 10:00 a.m.

In you, our priority objective is to transform your heart, which is the central point of the being. It is delicate work, which we give all desired attention.

"The heart has multiple functions of which you cannot imagine. Yours was well prepared, it remains for us to polish this beautiful work. We will soon be in complete harmony, after it has received the ultimate transfusion.

"All that is abstract and may seem complicated to you; do not worry about the end result. It will not change the face of the world, but you, you will be different while keeping the same appearance.

"Remain serene; you are not separated from your Beloved. He watches over you with love; your heart bonds are touching and nothing will change this relationship.

"Advance more and more convinced of this transformation, with acceptance and serenity."
