Whispers from The Brighter World

Friday, May 1, 2015 — 10:00 a.m.

Let us repeat it: these seminars are highlights in our Mission, uniting hearts in this special energy that characterises Sahaj Marg. These seminars are a blessing for the entire Mission and beyond. Many souls join us — brother and sister abhyasis of the past who have joined us here, and who are always attentive to the life that was theirs on Earth, recapture their former ritual on this occasion and thus enjoy our blessings. Ashrams and places of meditation are particularly charged on these blessed days. We want the best for all our brothers and sisters who are committed to this extraordinary movement that will continue to grow for the welfare of the greatest number.

"These messages are a valuable asset. Many ardent hearts are nourished by them and fully benefit from the energies they convey. Nothing is done in vain in a spiritual way like ours; acting for the welfare of all by providing them with convincing evidence can only further the progress of each one. Special work is done in this Mission; it cannot be described, but it does take place, you can be sure. Time is sure to prove our comments. Many beings are being uplifted through this process: a simple approach that can generate the best and lead each one of them where they did not think they could go — namely, all the way to bliss. In this domain, nothing is in vain. An ardent soul is guided, and reaches the level that is hoped for.

"With blessings, and wishes to all for a good end of the seminar."
