Whispers from The Brighter World

Monday, May 4, 2015 — 10:00 a.m.

Following this path of the heart is a grace; a day will come when our abhyasis will confirm the truthfulness of these words. Time is precious on Earth, and it is best to make the most of each day, each moment, thus allowing for this progress. Everything is done in Sahaj Marg for the advancement of the abhyasi, and even if he or she is not aware of it, the work is effective; such is our objective.

"There is still much to do in the Mission in order to bring about that which must come to be. Our dearest Kamlesh will provide for it. His mission is already clearly defined; he is not yet fully aware of it, but he is working accordingly. That is what matters most. Masters are chosen for good reasons; that which awaits him in this Mission is large in scope. He will act for the good of all. We support him as is proper; all will be accomplished for the better. The future of the Mission will be in Hyderabad; this place is special and great things will take place there.

"These prospects are so delightful. The great Parthasarathi has worked wonders; from here he is now realising it. What remains to be done is colossal, but all will be accomplished for the best. The current Master will be suitably helped, carried by our love which is attentive to his calls. Many projects will arise, and Sahaj Marg will defy time with its power of action at all levels. It has still much to demonstrate — all in good time. Our attention is unceasing.

"May all be at peace and committed to this unparalleled journey, under our constant blessings."
