Whispers from The Brighter World

Tuesday, July 21, 2015 — 10:00 a.m.

A great day is being prepared in our Mission; it relates of course to the birthday celebration of our dearest Parthasarathi. He has given so much to the Mission — it has taken flight with him, foreshadowing what it will surely become over time under the leadership of his successor. These special meetings of abhyasis are very important; they create a flow of subtle energies that generate the best effects. They build relationships on the human level and promote an unprecedented transmission every time they take place, according to the will of all the Masters involved in these highly spiritualised meetings of the heart. Many human beings aspire to follow such a process, without really even being aware of it. It is a natural need; the aspiration of the soul to rise manifests one day and takes on its full meaning when the heart is in need. Then, it is about finding the way that can satisfy the need. Sahaj Marg is precisely one such way. Accessible to the greatest number, it is not dogmatic; each person assimilates the essential principles and follows the proposed path in his or her own manner.

"Unity is strength. Its power of action is manifested particularly during these major seminars in which a very special transmission is at work. We want the best for all our abhyasis; each one receives according to their call, and this fact is not trivial. Grace operates as it sees fit and fulfils more than one heart in need. Thus is the ritual accomplished: the union of hearts under the guidance of a sacred force capable of achieving the best that can be — the most rewarding possible for one and all, under the subtle action of the alliance of Sahaj Marg Masters.

"Blessings."
