Whispers from The Brighter World

A Fourth Revelation

Friday, March 31, 2000 - 10:00 a.m.

A powerful flame is lit in you; happy are those who can see it and will see it.

"We need Earthmen agreeing and prepared to manifest the divine omnipotence, an abstract concept for many of their fellow men.

"Thus will it be until the end of time and this work will need to be carried through. The darkness and doubt in which humans are plunged will be changed, will fall into pieces, and then light will extend over the whole Earth. It, also, is evolving, just like the beings populating it. Everything takes place slowly, but the destiny of each one is achieved, at all costs.

"Do not give up; we are making progress in our project. Keep it constantly present in your mind; we support you."
