Whispers from The Brighter World

Tuesday, September 1, 2015 — 10:00 a.m.

The Sahaj Marg Mission is already well established in the world. Its status in the framework of spirituality will only continue to strengthen and grow for the good of so many brothers and sisters who are looking for a simple and true approach, one that is capable of helping them progress in this way whose positive effects and results are out of the ordinary. There is still much to be done for this Mission to be recognised more widely, but its path is already remarkable as far as its action is concerned. Of this you can all be sure. The alliance of the united Masters regularly looks at the whole Mission, even in the most remote locations and those far from the central axis in India where it was born. Our impact has no borders and no prejudice — a call of the heart is always heard, you can be sure. The world is changing, and it has different needs. One day, spirituality will find its true place with a remarkable approach that is effective beyond appearances. All is well; it's up to one and all to be motivated and seize the opportunity offered to them to really grow, to our greatest joy and with our continuous support."
