*Sunday, April 2, 2000 - 10:00 a.m.*

*All is geared toward the glory of God. One day, you too will help souls heal and find their way to the light.*

*"We will end up being as one and our action will be multidimensional. There are many wheels in the celestial mechanics. Men believe their technology is very advanced, it is a mere gadget compared to this one."*

The Medium: "Venerable, I am happy to move forward with you."

*"Each one of us, here, has our own characteristics. I have to intervene in your process to help you to take a new course; it is in the nature of things.*

*"The basis of our contract is well laid; let us go ahead, you are ready for that.*

*"Do not fear anything, it is all for the best."*

*The Venerable*
