Whispers from The Brighter World

Sunday, April 10, 2016 — 10:00 am

All these words sing in your heart like music — a heavenly music, since it comes from our united hearts. These words also pour out on paper where they comprise a valuable asset for our Mission. A special vibration emerges from them, abundantly nourishing our faithful readers. Our writings do not all have the same scope; they act at different levels. All these nuances are beyond the understanding of our readers. Our teaching forms a whole supported by this practice as followed, for the most part, by our abhyasis. Each abhyasi advances at his or her own pace according to the call of the heart; nothing can be forced in this domain. Life is a long path that provides opportunities for action — sometimes effective and sometimes not. After a number of experiences, a loving heart always finds its way. Then it is easier to make the right choice.

Sahaj Marg reveals its benefits over time. Being both moderate and efficient, its action is much greater than our abhyasis generally believe. The united Masters look after the destiny of the Mission with much love and understanding; they themselves have known the many difficulties of life on this Earth. Nothing is ever simple — that which should be simple often turns into difficult experiences. Fortunately, everything is useful; the positive side of things is never lost at all. May all our abhyasis be committed to the best in this incarnation; it prepares in its own manner what is to follow in the human saga.

Blessings.
