Whispers from The Brighter World

Saturday, July 30, 2016 — 10:00 a.m.

Our heart-to-heart contact results in a few written lines that provide material evidence of this extraordinary occurrence. These messages have made their way into people's hearts. They were not accepted by all at the beginning, and then they did all the good that we had hoped for. Minds are opening up. In the future, other unusual events will occur, reaffirming all the attention we are devoting to the incarnate Master and the whole Mission. Changes will be necessary in response to the expansion of this Sahaj Marg path. Life, in its perpetual movement, brings about situations which must be dealt with — this is in the order of things. Nothing important can be achieved without difficulties; it is therefore necessary to work around them, and the best is brought about by divine grace and the constant attention of the Masters. A waiting period is sometimes required before the fulfilment of that which has to happen.

This is how it is. The best to all our abhyasis. They benefit from our ceaseless blessings.
