Whispers from The Brighter World

Thursday, August 18, 2016 — 10:00 a.m.

Your heart is calling us and we respond to it; this is a characteristic feature of these writings. Many other messages will be noted down. Such has been the case for a long time, but the essence of those messages is totally different. These are the only ones to be considered and will leave their mark on time and on this Mission; they are so genuine. In the past, holy writings were also imitated; it has always been so. This situation will be clarified in the future once and for all.

Love and surrender are the elements that carry this far-reaching action. Thousands of messages have accumulated and this fact is unprecedented in history. Sahaj Marg has many resources; all are not yet recognised. Only time will clarify the soundness of this practice — one that supports the lives of our brothers and sisters who are open to our teaching. Everything has its reason for being and takes place at the appointed time. Our dear abhyasis are guided in a certain manner, and beyond what is perceivable. This is how it is.

Blessings from all of us upon this Mission that we all cherish.
