Whispers from The Brighter World

Wednesday, November 30, 2016 — 10:00 a.m.

Our chosen scribe will, for as long as possible, help the Master of this Mission, he who was chosen and is supported by all of us here for the general good. Doesn't everything have its raison d'être. Our choice is not made in vain; so many aspects escape human perception. Here, they are sufficiently apparent for us to take them into account. Being now well established in certain parts of the world, the Sahaj Marg Mission has growing needs and refers to the living Master wherever he may be. He holds our powers, the strength that we instil in him to cope with things as best as possible on all levels. Our action is not always simple; we have experienced it in times when everything was easier than today. It does not matter. The path of Sahaj Marg is growing and positions itself strongly. It is carried by our love and our ceaseless blessings in order to foster its action. Humanity in its present difficulties needs to refer to true values — namely, those of the heart, the seat of the soul where the best is built.

Let surrender and confidence increasingly strengthen the life of each person on their personal journey, while they are being carried by the strength and continuous action of a flourishing spiritual way. This way is expanding at different levels that cannot be perceived by human beings, yet these levels are so very decisive for all.

This is how it is.
