Whispers from The Brighter World

Thursday, December 8, 2016 — 10:00 a.m.

Do not worry about these formalities — everything will be done properly and our dear great son Kamlesh will see to it. This history of messages will influence our Mission for a very long time. How could it be otherwise? These writings have been precious to the great Parthasarathi, and they will be increasingly precious to our dear son Kamlesh. He is leaving his mark on the Sahaj Marg Mission in his own manner, as each of us before him has done to bring it to what it is today. It is good for us to witness such success through the impact it has on people's hearts and the benefits it provides to this entire spiritual path, which is unique among its kind. It is truly unique in its very positive effects, and we are happy for that. It will still have a long way to go during which it will have to adapt to the needs of the times. It has done so in a certain way up to now and will do so even more and very naturally in the future. Sahaj Marg has a long road ahead of it. It will be more and more creative and will amaze people by its power of action, which will finally be revealed when the Masters deem it necessary. This is how it is.

Special blessings to all.
