Whispers from The Brighter World

Tuesday, March 14, 2017 — 10:00 a.m.

At the heart of silence is plenitude. These blessed moments when the whole being is enraptured are truly unique; they elevate the soul to its noblest destiny.

So much attention and commitment are necessary to achieve the goal. Everyone progresses in their own manner and builds little by little an edifice capable of withstanding time and the many turbulences that shape human beings in their entirety.

It is not easy to project oneself into the future, hence the need for surrender and for being attentive to the least significant sign on one's journey. Sahaj Marg saves precious time — the abhyasi realises it one day, when infinite prospects appear before him or her. Then the best can begin and open wide the doors to bliss.

Our faithful abhyasis are always carried.
