Whispers from The Brighter World

Sunday, April 2, 2017 — 10:00 a.m.

The Sahaj Marg Mission is following its path, and what a path it is. It is heartening for all of us to see it positioning itself this way. Each of the Masters has brought to it the elements that are essential to its development in the world; everything is being built according to our wishes. Our dear son Kamlesh will give Hyderabad the final touch needed for an unprecedented expansion. This high place has many attractive features that will reveal themselves over the years. As for the spirit of Sahaj Marg, it will defy time; so many changes will occur that a serious anchoring here below will prove more than necessary in the future. The world is destined to transform itself considerably and, when necessary, to make a fresh start. It has been said that spirituality will save the world; this will be confirmed in due time, conforming to divine plans, and it will be appreciated. Our action will continue to grow and prevail as is proper for the general good. This is how it is.

May all be blessed and strengthened.
