Whispers from The Brighter World

Friday, April 28, 2017 — 10:00 a.m.

These birth anniversary days are blessed moments in our Mission; they attract the attention of the Masters and allow a large number of abhyasis to focus on an extraordinary transmission that is especially effective. It is not easy for them to assess it, but this egregore has grown considerably over the years. Master Kamlesh will particularly leave his mark on the Mission, as each Master has done in his own way. The Mission today is adapted to the vibration of the moment; being very active, it guides our brothers and sisters who truly want it. The years will consolidate this way of the heart; its greatest strength has yet to arise. Sahaj Marg will mark this time significantly, although with considerable discretion.

Special blessings to all.
