Whispers from The Brighter World

Thursday, April 20, 2017 — 10:00 a.m.

These anniversary days will always be beacons in our Mission; nothing should be changed with respect to such customs, which will stand as great moments in comparison with everyday life. We are all working so that these events remain coherent at all levels and that they enrich our heritage.

Sahaj Marg has become a beautiful and great Mission, representing a spiritual path that will continue to surprise; it is called upon to expand considerably. Its action is not in vain; over time it will reveal many positive and salutary aspects for humanity. Our great son Kamlesh carries this Mission and is preparing a promising and very active future for it. Everything is becoming clearer with time, as planned; thus will the wishes of the Hierarchy be fulfilled for the greatness of this way, one that is capable of revealing the best.

To be precise, may the best be for all.
