Whispers from The Brighter World

Wednesday, May 3, 2017 — 10:00 a.m.

Love carries the strongest and most decisive impulses in life. Without it, what would this world be? It would be very sad indeed. Love allows for "pauses", for periods that are more uplifting in the flow of days. Sahaj Marg renews itself in its own manner, providing what is required without even seeming to do so. Spirituality is necessary for human beings; not everyone understands this, and many people wander quite far from what is needed. The day when all becomes clear on the path of life, the progression begins and the aspiration of the soul is fulfilled.

Sahaj Marg transforms the lives of many of our brothers and sisters; they become aware of it and take full advantage of this heavenly gift. This way is adapted to present-day life — it provides a great deal, and it is not demanding. Only a true commitment of the heart leads to the desired success. The best is accessible to all; surrender to the Master and a deep conviction achieve what is required.

To all, total success — such is our wish, under our blessings.
