Whispers from The Brighter World

Monday, May 8, 2017 — 10:00 a.m.

Love is creative; may all fervent hearts unite in this Mission to achieve the best. May all our fervent abhyasis unite in this initiatory journey that is discreet and produces so many positive results. Heartfulness is not an empty word; it conceals many aspects that would reveal a highly active power. In many countries people are now taking advantage of this action, which makes us happy.

The sacred site of Hyderabad will surprise people in the future by the richness of its action, bringing together many hearts that are carried by grace and attentive to what it can produce. Sahaj Marg will continue to astonish and produce its effective action. The Mission has already come a long way, and it will offer more and more positive and even amazing results.

May the best come about for all; special blessings for the best to be fulfilled, according to our wishes.
