Whispers from The Brighter World

Thursday, May 18, 2017 — 10:00 a.m.

There is a time for everything in one's life; divine love has an important place in it. Being able to reach the best indicates an elevation of the soul up to the level that is possible — an incarnation in which great spaces have become accessible. Having a spiritual Master helps considerably; Sahaj Marg offers many more resources than it would seem. How many disappointments and trials, heavy to a greater or lesser degree, must be overcome in order to understand the profound meaning of a lifetime! Each incarnation allows one to gain experience and understand the true meaning of a lifetime. When the time of assessment has come, a being considers his or her action — its benefits as well as the many errors. Everything has its raison d'être.

May the best take place for all, under our constant attention and blessings.
