Whispers from The Brighter World

Sunday, August 16, 2015 — 10:00 a.m.

You cannot currently gauge the full importance of these messages and yet, one day, they will become a reference for the Mission. These writings will unite ardent hearts capable of understanding their significance. It can take a long time for the evidence to prevail and take on its actual worth in this world. The remarkable debut of the new Master will foster a far-reaching and desired expansion of Sahaj Marg in the world. The current means of communication are, among other means, a valuable asset for uniting the different Mission centres, wherever they may be located on this Earth. A very specific vibration brings these centres together in this essential process given to today's human beings. For all our brothers and sisters, this is about a spiritual reference meant to help them progress towards the goal of each and every incarnation on Earth.

Each person advances at his or her own pace and according to an inner call that is more or less strong, as determined by the deepest nature of the seeker. The road ahead is long; an approach like the one we propose provides considerable help to the seeker who is truly determined to achieve the ultimate goal. It takes time to understand, to recognise the need for such an approach. For the human being caught in the cycle of life's manifestations, so many incarnations are necessary to reveal the very special effects of the transcendence of the Spirit in its sublime conquest of souls yearning for the Divine. Everything has its raison d'être, and Sahaj Marg has not been given in vain to human beings of this time. It offers them a means to save precious time under our ceaseless blessings.
