Birthday of Lalaji Maharaj

Dear Parthasarathi,

Joy brings us all together on this day, at which time the evaluation of the Mission is very satisfactory. This birthday unites the most faithful. All are involved, but they do not know it; that does not matter. Our path makes its way on this Earth, as planned by the higher authority.

We are the servants of a cause which is close to our heart; we can see its benefits in our faithful ones. The method is nothing sensational in human eyes, but its effects deserve one day of reflection as well as interiorisation on the subject. May all our aspirants be enlightened, and you, our dear, great and chosen son, may you find strength until the end to serve our Mission as you have been doing so well, with so much dedication and love. Receive ours abundantly, and be in peace, so very blessed. We are by your side.

Lalaji
