Whispers from The Brighter World

Saturday, January 26, 2013 – 10:00 a.m.

Interiorise yourself and rejoin us in the heart of silence where there is nothing but beauty. Here, daily worries fade away and you are totally focused on listening to us. Thousands of messages have punctuated the course of your days in the past twenty years, and they have accumulated for the benefit of our Mission. This is indisputable.

These writings have been and still are surprising, but a way like ours must transcend certain preconceptions that are not in line with the spirit of openness – openness about a reality that is not yet known as it should be for the evolution of human beings. How many people on Earth have a correct view of the hereafter, as you call it? These erroneous ideas hinder the journey of many human beings who are trapped in misconceptions that limit their approach to the Divine.

Working on the human side of oneself, to facilitate one?s exemplary and effective action related to a true spirituality, is the right attitude. Nothing can be achieved without difficulty and tenacity. All this, with a surrendered and fervent heart, positions the being for a great step forward on the path toward elevation of the soul. The noblest inner dispositions need suitable illumination; thus the best is produced, and we can truly confirm it, as nothing in this domain escapes us. Here, we are well beyond appearances; they cannot in any way deceive us. This is fundamental to achieving true effectiveness.

Human judgements and false ideas not based on reality – a reality inaccessible in this world – cannot distract us from our goal of goodness and the expansion of this beautiful spiritual way given to the world of today and tomorrow. This fact is not trivial; it foreshadows all that will be done in the future for the spiritual upliftment of all. There lies our ceaseless action. We want the best for all our brothers and sisters who are committed to following in the wake of their Master and confident in his action, which is supported by ours – one that is so very attentive. May all be open and determined to progress; that is the objective to be attained, under our benevolent blessings.
