Whispers from The Brighter World

A Fourth Revelation

Friday, April 21, 2000 - 8:00 a.m.

It is the vacuum in you that facilitates our contact and our action. The place must be conducive for our 'heart to heart'; this formula is no stranger to you.

We do not want to add to your tiredness, but to help you, which you do understand. We are saddened by what you have to endure.

"Our preferred medium cannot give up. We know your faculty of reaction, we have projects which you are involved in and you cannot give up."

The Medium: "There are moments when too much is too much; therefore, help me, please. My body is weary of enduring so much."

"It is a difficult period; you will recover your dynamism. Your eagerness to serve us and your desire to do the right thing are such that everything will be back to normal again. The birthday of our 'Beloved' will soon take place. The preparations are going on well, given its anticipated scope this year; we are happy.

"You should prepare for the event with all your being, all your heart, to celebrate this day when such a great soul became incarnate."
