Whispers from The Brighter World
A Fourth Revelation

Sunday, April 27, 2000 - 8:00 a.m.

You request in your prayers to serve us as per our wish. What are we doing now? We use your gifts, in which you excel. They are also useful in a less concrete way, in a very different area. You should never have the feeling that you are useless. When you take stock of your life, you will see how much, in spite of your physical limitations, you have worked for the good of others. You should rest completely assured on this point.

"We all make mistakes on this Earth, it is inevitable, but the main thing is that the tip of the scale must lean towards the good side, towards our positive achievements.

"Continue in the same attitude of mind: service first, by giving satisfaction to the higher authorities.

"Be at peace, prepare for the birthday of your Beloved in serenity where he loves to see you, continuing on the way you have yet to go before rejoining him."
