Whispers from The Brighter World

Sunday, January 19, 2014 – 10:00 a.m.

Sahaj Marg is gifted with a very high-level spiritual Master; his power of action spans the entire Mission and beyond. Whether he is present or not, this vibratory force spreads over the entire planet, particularly during major seminars. The status of this path reaches a crowning point. Consistent results over all these years have confirmed its benefits. The coming seminar will demonstrate this once again, even if it isn't easy for our abhyasis to truly assess it. Trust in the Master, surrender to his action, and eagerness to win over an inner space of peace and serenity can relieve this incarnation of the heaviness of the material world. It is not always easy to balance the multiple aspects of life. Sometimes it just takes a real desire to achieve what did not seem possible before. A sincere appeal will always have its effect; a living Master has this privilege of being able to act at all levels of consciousness, and without limitation.

May the whole Mission focus on this important upcoming event, the birth anniversary of our Grand Master, Lalaji – it is a priority. His name must live on, now and forever. He is the pathfinder of the Mission; future times will be nourished by his memory. May this birth anniversary particularly leave its mark on people's minds – such is our wish.

Blessings.
